

Associate Grants Officer – Mali (Temporary Role)

Location: Bamako, Mali

Job Reference: AGO/PD/ML/05/2026

AGRA and its Work to Transform Agriculture

AGRA is an African-led institution that actively supports the drive towards inclusive agricultural transformation and sustainable food systems. We do this by empowering the continent's 33 million smallholder farming households to transform their agriculture from a struggle to survive to profitable businesses. The continent's farmers regularly face challenges, and we aspire to provide uniquely African solutions that respond to their agricultural and environmental challenges, leading to increased harvests for reduced hunger and more income.

Working in alignment with the development priorities of our focus countries, we enable farmers to access improved and high-yielding seeds, gain knowledge on sustainable farming, and linkages to profitable markets.

In our work, we aspire to build the alliances, partnerships, and networks required to drive an inclusive agricultural transformation. We work with our partners to create an equitable youth-friendly environment that harnesses the youth dividend on the continent to drive growth and facilitate open employment opportunities for young women and men. We achieve our key objectives through a focus on the following four areas of intervention:

1. Policy and state capability - We support governments in creating an enabling environment for private sector involvement in agricultural transformation.
2. Seed systems – We trigger higher productivity by increasing the availability and access to improved seeds by farmers allowing them to increase their harvests for food security and better incomes.
3. Sustainable farming – We support farmers in building resilient farming systems for sustained high yields through interventions such as mechanization and irrigation.
4. Inclusive markets and trade – We work to increase the linkages between farmers, and other market actors for a positive, sustained cycle of commercialization and reinvestment.

Why Join Us?

People are the heartbeat of our organization and remain the true drivers of our delivery, impact, and success.

We have cultivated a workplace that fuels Depth in Collaboration, Excellence in Execution, Constructive Engagements, and a spirit of being Increasingly Entrepreneurial; all underpinned by our cherished I-RISE Values (Integrity, Respect, Innovation, Stewardship and Equity)

We work with incredible people and partners who have roots in farming communities across the African continent combined with an inclusive, diverse, and talented workforce from over 25 nationalities. Our commitment to a call to action goes beyond ourselves as we arise to catalyze African Food Systems transformation and improve the livelihoods of smallholder farmers.

We are looking for people who are passionate about being part of a mission-driven team that is making a real difference on the continent; love to work on cutting edge Ag technologies; and able to grow their skills, expertise, and experience career growth, while enjoying very competitive compensation and benefits.

Are you ready to embark on this exciting transformative journey with us?
